Proposal for Association with HackCraft 3.0, GITM

Subject: Invitation for Community Partnership with HackCraft 3.0

Greetings from Team Sankalp, Global Institute of Technology & Management (GITM).

We are pleased to extend a formal proposal for collaboration between HackCraft 3.0 and your esteemed community. This association is envisioned to provide a structured platform for knowledge exchange, capacity building, and exposure for your members within the rapidly evolving landscape of Artificial Intelligence and technology.

About HackCraft 3.0

HackCraft 3.0 is a premier hybrid Artificial Intelligence hackathon organized by **Team Sankalp** at the **Global Institute of Technology and Management (GITM)**, Gurugram. This year's edition is Co-Powered by Alactic Inc., a leading AI Research & Development organization.

Designed to bridge the gap between academia and industry, the event focuses on multi-theme innovation and real-world problem statements.

- **Event Type:** Hybrid (Online Evaluation + Offline Grand Finale).
- **Grand Finale Dates:** 28th – 29th March 2026.
- **Format:** A grueling 24-hour continuous offline hackathon.
- **Venue:** Global Institute of Technology and Management (GITM) Campus.

Structure of Collaboration
We invite your community to come on board as a **Community Partner.**

- **Participation:** Your community will facilitate the participation of its members by directing interested students and developers to register for the hackathon.
- **Outreach:** Amplify the reach of HackCraft 3.0 by sharing event details within your network.

Benefits Extended to the Community Partner
In recognition of your support, we are committed to providing significant visibility and exclusive opportunities for your community members, as authorized by our organizing committee:

1. Visibility and Branding:
- **Digital Presence:** Your community logo will be hosted on the official HackCraft 3.0 website under the "Community Partners" section.

- **On-Ground Visibility:** A dedicated standee or digital banner bearing your community's identity will be displayed at the venue during the offline Grand Finale on March 28-29, 2026.

- **Social Media:** We will feature your community in our social media creatives and shout-outs, acknowledging your contribution to the event's success.

2. Participation Incentives:

- **Priority Access:** Participants representing your community will receive preferential consideration during the initial shortlisting phase, enhancing their chances of reaching the Grand Finale. (Modeled after the "Wildcard" concept in your reference).

Networking: Your members will have the unique opportunity to interact with industry experts from our partner, Alactic Inc., and showcase their skills on a grand stage.

Why Partner With Us?

We are confident that this association will serve as a mutually enriching collaboration. It will enable your community to gain visibility on a significant platform while contributing meaningfully to the success of HackCraft 3.0.

We look forward to your positive response and to working together towards a successful collaboration.

With sincere regards,

Team Sankalp
